

How does it work?

1

Deposit funds into a **freemarket** segregated client escrow currency account, located in London.

(Using your unique payment reference provided or *freemarket* account number.)

Individual

e.g. Personal account holder.

£5000+

Small business

e.g. SME paying an overseas supplier direct.

€50,000

Large Business

e.g. Global company purchasing currency top up for business bank account.

\$500,000

We send a confirmation email once deposits are received.

2

Book an exchange instruction via your online platform.

You decide the amount you wish to exchange and which beneficiary bank account to deliver the funds to.

You are selling	
GBP	75,000.00
We will deliver (estimate)	
EUR	95,339.40

(We support an evergrowing number of currencies.)

We send a confirmation email once exchange is booked.

3

You are then entered into the next scheduled exchange.

freemarket will endeavour to aggregate all client currency requirements to achieve the best possible match for all involved.

Wholesale

If **0%** of your funds are matched you will benefit from direct access to a wholesale rate.

Mid-Market

If **100%** of your funds are matched you will achieve the mid-rate on your exchange.

We send a confirmation email once exchange is complete.

4

freemarket pays out to your nominated beneficiary bank account.

For most major currencies this will be same-day by 2pm.

We send a transaction confirmation & breakdown of your exchange.
